ABSTARCT: *The change in Christian dogma from the Old Testament, which used Burnt Offerings Sacrifices (BOS) and other sacrifices, to the New Testament which abandoned the BOS and other sacrifices, resulted in a reduction in the power of God Jahowa. The author proposes to God Jahowa that every Christian family carry out and must perform the Thanksgiving Sacrifice (TS) by sacrificing doves or kilos of fresh meat of a cow or sheep, at least once a year. God Jahowa stipulates that the sacrifice of a dove or fresh meat of a cow or sheep is a minimum of half a kg for one sacrifice. The time is independent of what date and what month of the year. According to God Jahowa, the results of the author's TS produce fragrant steam and cause them to grow stronger and agile. The benefits of TS were not only felt by God Jahowa, but also by God Jesus. If they inhale a full liter of TS vapor, they can endure not eating or drinking for ten years. TS is thanksgiving to God Jahowa and God Jesus. Money cannot increase God's power. For people who are able but do not carry out TS, they will sin but have little sin. For people who are unable, then they are not sinful. For people who carry out TS, they will be blessed. This TS has been inaugurated by God Jahowa as a new dogma for Christians which is implemented at least once a year.*

KEYWORDS: Christianity, BOS, TS, Dove, Kilos of Fresh Meat of Cow or Sheep.

INTRODUCTION

Author can talk to human spirits, gods, prophets, and God in remote hearts in the Spirit World since 2012. In the Old Testament, all followers of God Jahowa were encouraged to carry out Burnt Offerings Sacrifices (BOS). Currently, in the New Testament, Christians no longer carry out BOS. According to God Jahowa, all BOS in the Old Testament did not clean the victim's hair and excrement. This caused God Jahowa to feel dizzy, so that when the God Jesus was born, God Jahowa ordered the Prophet Joel to stop all kinds of burnt offerings. In the Old Testament, God Jahowa was not allowed to make improvements to the BOS dogma for any reason. However, after the termination of the BOS, God Jahowa felt His strength was reduced. That is why the author proposed providing a Thanksgiving Sacrifice (TS) to God Jahowa and God Jesus; and they agreed to it. The new idea in TS is that apart from doves, kilos of fresh meat cow or sheep can also be sacrificed.

LITERATURE REVIEW

The first humans to carry out the BOS in the Old Testament were Cain and Abel (Genesis 4:3,4). Then Prophet Noah (Genesis 8:20), Prophet Abraham (Genesis 22:2,6,7,8,13), Jacob (Genesis 31:54), Israel (Genesis 46:1, Exodus 3:18, Exodus 24: 5, Exodus 29: 40-42), Prophet Moses (Exodus 10:25, 20:24), Jethro the father-in-law of Prophet Moses (Exodus 18:12, Exodus 38:1, Exodus 40:29, Leviticus 1:3,4, 6,8,9,10,13,14,17, Leviticus 2,3, Leviticus 8:28), Aaron (Exodus 30:10, 30:20, Exodus 32:6, Leviticus 9: 20,22,24), and many more [1].

In the Old Testament there were several types of burnt offerings, namely Burnt Offerings (Leviticus 7:37, Leviticus 14:31, Leviticus 15:30), Sin Sacrifice (Leviticus 4:3,14,21,24,25,35, Leviticus 6:17, Leviticus 7:37, Leviticus 15:30, Leviticus 16:25,27), Incense Sacrifice (Exodus 30:1, Exodus 35:15, Exodus 37:5), Peace Offering (Leviticus 4:26,31, Leviticus 7:37, Leviticus 17:5), the Guilt Sacrifice (Leviticus 5:18,19, Leviticus 6:6,17, Leviticus 7:37, Leviticus 19:21), and the Grain Offering (Leviticus 6:14, 15, Leviticus 7: 37) [1].

To overcome the problems in the introduction above, the author proposes the procurement of Thanksgiving Sacrifices (TS) with the requirement that TS be enough to burn doves or kilos of fresh meat cow or sheep. After the coming of the God Jesus, the Savior of the World, all types of BOS above were abolished. However, God Jahowa was interested in the author's proposal and agreed to the implementation of TS.

METHODOLOGY

If the TS sacrifice is a dove, then before slaughtering it you must pray first. Doves that have been slaughtered, are cleaned with their feathers and dirt. The feathers are cleaned after the dove is dipped in hot water. The blood, bile and appendix were removed. The intestines are dissected, then washed with liquid soap and rinsed until clean. The clean intestine is put back into the stomach of the dove's body and then sewn up or tied with wire, then burned until it is charred and used up. Before being burned, the dove was pierced with an iron from the mouth to the tail. When the burning starts, the person offering the sacrifice must sing a sacrificial song of at least two verses. To make it perfect, the dove was burned until it turned into charcoal.

If the TS is kilos of fresh meat cow or sheep, then the meat must be cleaned first. According to God Jahowa, a minimum of half a kg of fresh meat cow or sheep per sacrifice. The person making the sacrifice prays first before burning, and when burning, the person offering the sacrifice must sing a sacrificial song of at least two verses. To make it perfect, the fresh meat cow or sheep is grilled until it turns into charcoal.

TS can be carried out using firewood or coconut shells. TS should not be carried out using an LPG or coal stove because the TS steam is not delicious.

God Jahowa ordered the author to carry out TS. The author has carried out TS nine times by sacrificing a dove and once sacrificing half a kg of fresh meat of cow. The average burning time is about 3 hours. The author uses half a plastic sack of coconut shells per TS. To burn the coconut shell at first, the author uses gasoline. However, because the fire jumped and spread quickly, the author suggested that the congregation use diesel oil; half a liter is enough. After carrying out TS, the author feels happy, peaceful, and joyful. The author has made the decision to carry out TS once a month.

RESULTS/FINDINGS

The author's TS results are that according to God Jahowa and God Jesus, they inhaled the fragrant vapors of TS; and they claim to have become stronger, lighter and more agile. If they inhale a full liter of TS vapor, they can endure not eating or drinking for ten years. According to God Jahowa, the TS author is perfect.

DISCUSSION

This TS is the author's proposal, but those who determine its implementation are God Jahowa and God Jesus. They said that TS must be carried out by all Christian families, namely Catholics and Protestants, at least once a year. Implementation is free at any time, namely on any date and month throughout the year. If the sacrifice is fresh meat of cow or sheep, then the minimum is half a kg per sacrifice. This aims to maintain price stability for dove or fresh meat of cow or sheep and fuel (firewood or coconut shells). For those who are capable but do not carry it out, they will sin, but the sin is small. But for people who can not afford not to

sin. However, this TS was inaugurated by God Jahowa, it also had an influence on the God Jesus.

IMPLICATION

The implementation of this TS is mandatory for every Christian family. God Jahowa said that He would bless Christian families who carry out TS. However, for Christian families who cannot afford it, that is okay. Regarding the color of doves, they can be purple, or red, or white, or a mixture thereof.

CONCLUSION

God Jahowa said that this TS is official and can be implemented by all Christians throughout the world. God Jahowa obliges every Christian family to conduct TS at least once a year, on any date and month throughout the year. TS can sacrifice dove or fresh meat of cow or sheep at least as half a kg per sacrifice. TS is thanksgiving to God Jahowa and God Jesus. Money cannot increase God's power. This TS will become a new dogma for Christians. In addition to TS, Christians are also required to return tithes (5%) in lieu of tithes (10%), and also provide a collection of offerings during services [2].
